

THE BRIEF  
1963

VOLUME LXIV

# ***THE BRIEF***

**1963**

THE CHOATE SCHOOL

Wallingford, Conn.

# FOREWORD

At the beginning of this year the editors felt that the old BRIEF had become outdated and decided a modernization and pepping up was in order. Both the size and the tone of the book have been changed in an effort to achieve this transformation. However, it has been inevitable that many traditions and customs have been violated. We, the editors, found it impossible to avoid changing old standards, and are, in fact, glad that we did, for we feel these brakes from the norm are what make the spirit of this book.

## DEDICATION

A. AUSTIN MEEKS

It was a happy day for Choate when Austin Meeks was entered as an underformer. His father a well-known doctor, his uncle a professor at Yale and head of the Yale Art School, were both our personal friends.

When Austin actually came to the School, the Hill House had just been built, and I remember that A.M. had the southeast room on the second floor. In those far-away days no one could foresee 1963, nor the happy fact that Austin would be part of us — as student, Master, and friend — for fully half a century. The history of Choate and of Choate rowing, and the part Austin was to play in both, lay ahead in the future's shadow.

He left Choate long enough to graduate from Yale, and to learn there the art of teaching youngsters in their Lower Forms, and the art of teaching giants (as Endicott Peabody once called Choate Oarsmen) in their shells.

Mr. & Mrs. Meeks at their home

A. Austin Meeks

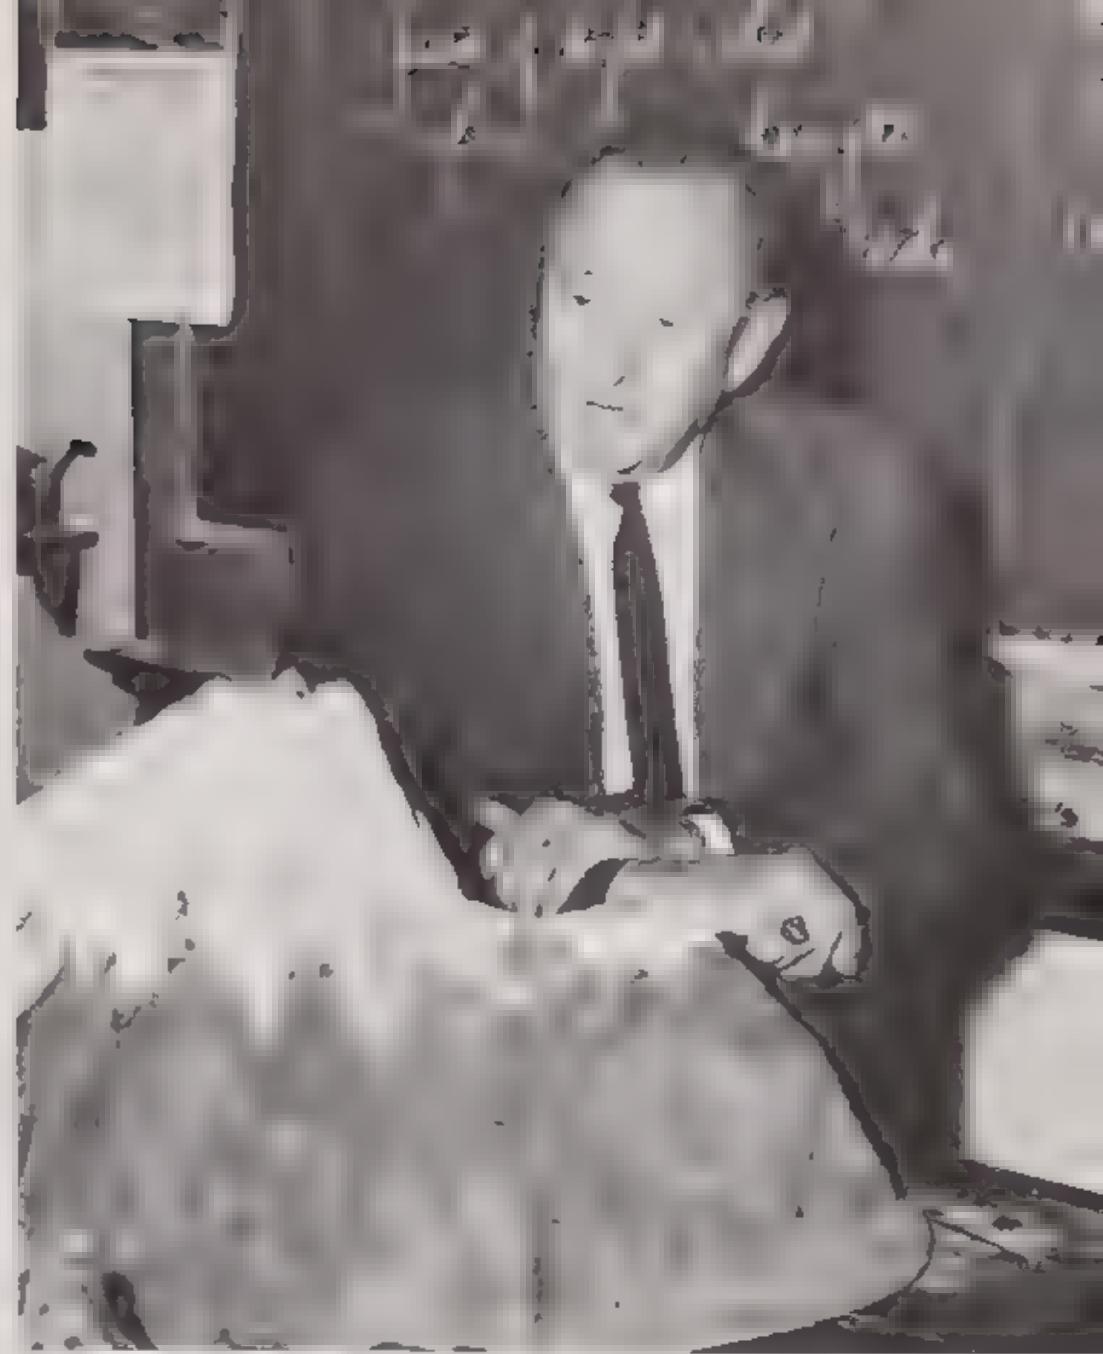

At and near the inception of Choate rowing other able Masters coached on the lake, but when A. M. took over Choate rowing the school had a rowing coach permanent.

Austin made the job permanent even to vacations. Nothing that had to do with rowing or its equipment was alien to him: through vacation's heat or cold Austin repaired, mended, made new old shells which the School could not afford to replace. Anybody who watched the Boathouse and the crew-covered lake knew where Austin Meek's heart was. When Choate Alumni gave to their School the Alumni Boathouse, the Boathouse was in great measure a monument to Austin.

From Choate Oarsmen over the years, from all Choate, A. M., our thanks and affection from 1912 onward!

# IN APPRECIATION

STANLEY H. LYNDES

Stanley Lyndes came to Choate in September, 1945, with the reputation of the finest Woodworking teacher in New England. Craftsman, artist, lover of wood as well as woods, he has handed on his skills and disciplines to generations of students. Mr. Lyndes' interests range also to hunting — from pheasant to moose.

The development of the Daniel Dodge Woodworking Shops under Mr. Lyndes has been marked. Not only have the Shops expanded to double their earlier area, but with new floors, lighting, benches and tools, the facilities now make possible almost any hand artistry — from the construction of a complexly designed gunstock to that of an intricate replica of a Chippendale chest.

Clear evidence of the orderliness of this man's hand and mind lies in the neatness of the Shop, the regularly spaced tools on the wall, each in its own place at the end of the day. Here, have been combined the pleasure of art, the care of order, and the discipline of precision skills. Choate will always remember the warmth and devotion of Stanley Lyndes — and his example.

*By now Mr. John*

# ACTIVITIES

## STUDENT COUNCIL

Sitting, left to right: Hare, McCallum, Ahlm, Magill, Buddenhagen.

Standing: Deane, Alessandrotti, Gilchrist, Canfield, Pearce.

This year's Student Council had an outstanding year. The food, with such delicacies as doughnuts and sandwiches, was excellent. Also, the ping-pong, perhaps the Council's most popular feature, was at a peak with the top-notch playing of Form President Ham Magill and Council Head Eddie Ahlm; even the invincible Mr. St. John was beaten occasionally.

However, contrary to some boys' opinion, and despite the informal tone of the meetings, the Council also accomplished many important things. For the first time, Seniors took all the morning study halls in the Hill House. Seniors also attended Student Council meetings for the first time. When Mr. St. John introduced an idea for a ten-year plan that will affect the whole School, the Council did its part by considerable discussion and work. Several Council members, along with several non-members, wrote a paper giving students' views on the School. The Council also revised the Handbook, changing many outdated rules or ones that they felt were incorrect. The Council held its annual open meeting and also one with the Student Council of Lyman Hall.

## HONOR COMMITTEE

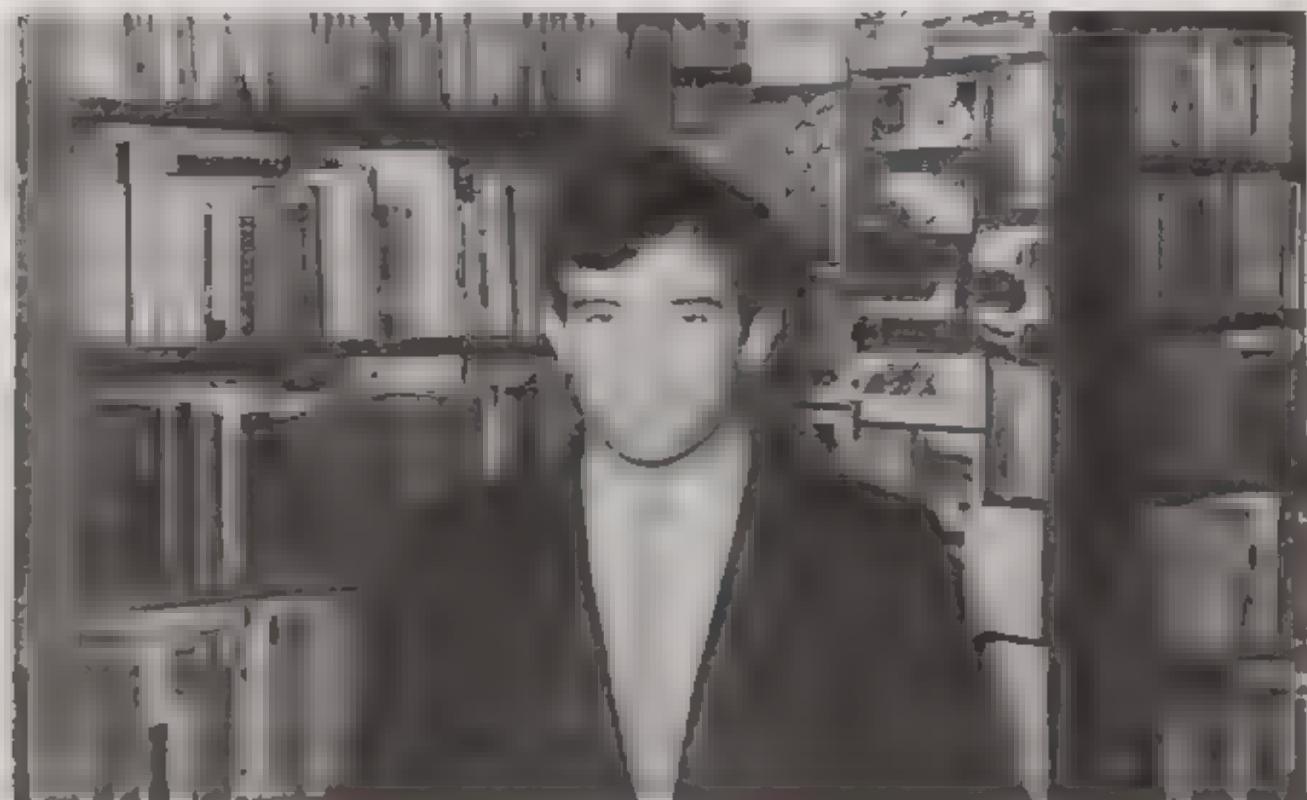

Sitting, left to right: Biehl, Alessandroni, Magill.  
Standing: W. Hay, T. Smith, Tomford, C. Johnson, Boynton

The Honor Committee is an elected body of eight members, four from the Sixth Form and two each from the Fourth and Fifth Forms. The main concern of the Honor Committee is to support the morality of the School. This is achieved by correcting the moral weaknesses of individuals and by enforcing the Honor Code. Because everyone's full participation is vital to the existence of the Honor Code, the responsibility it demands

from every student is an invaluable asset to him in preparation for the social demands of later life as well as for providing a friendly and co-operative basis of School life.

Headed by Ron Alessandroni, this year's committee was favorably surprised by the few cases it heard and was pleased in general by the exceptionally high moral climate of the School.

The Cabinet:

J. Gens.

The St. Andrew's Cabinet is undoubtedly one of Choate's best known honor societies because its members are on the job every day of the School year. With Gerry Pearce as President, and Paul Buddenhagen as Vice-President, the sixteenth members of St. Andrew's run the daily services in the Chapel, making sure its traditions are maintained. All boys on St. Andrew's are elected by the previous year's cabinet and a tribunal of Mr. Seymour St. John, The Reverend Robert Bryan, and Mr. Richard Hunter.

This year's Christmas drive netted over \$2000 for various regional and national institutions. The reinstitution of the sale of teddy bears in the winter, as well as the Sunday collections in Chapel, and the selling of ice cream in the spring went mostly towards the society's principle charity, St. Andrew's Camp, where St. Andrew's members act as counselors for the two sessions, under the direction of Mr. Hunter. About twenty boys, mostly from the New Haven area, during each of the two-week periods, have the chance of enjoying a summer they could not otherwise afford.

## THE BRIEF

In close conjunction with the ten-year plan, *The Brief* this year enlarged its size, enabling it to modernize the format. In future years *The Brief* hopes to get bigger and bigger and moderner and moderner. Some people at Choate have criticized our innovations, saying they have offended certain factions and cheapened this book in general. To any person who has maliciously tried to slander us, whether he be a no-good loafer on the student body or a senile cretin on the faculty, we of *The Brief* would like to say that we have never said a bad or unkind word about anybody, especially those idiots. As to the charge of cheapening the book, it is false, for the book is as outrageously priced as ever.

Organization was the key to this organization. As Editor-in-chief Eddie Ahlm often stressed to his subordinates, "We just have to get organized - - - tomorrow." Co-managing Editors Bill Tomford and Chris Calder backed Ed vehemently on this policy. Rolf Sauer was a great help in laying out the book. It was unfortunate that, after setting up pages 1-183, he discovered that he had skipped page 210. At this point Ahlm said, "It's time we got organized."

## THE NEWS

It is often a difficult task to make a weekly school newspaper lively and interesting at all times. This year's board, Jerry Van Schaick, Editor-in-Chief, and Pete Kovner and Bob Patterson, Managing Editors, were acutely conscious of this problem and did their best to make the *News* good reading matter.

This year the staff completed a twenty-two issue printing schedule, including the sixteen page Festivities

issue, and the revival of a humor issue. On December 15th, in the Christmas issue, color appeared in the *News* for the first time. An innovation that aroused considerable controversy occurred when the editors themselves reviewed the *Literary Magazine* instead of a faculty member, who had always done it in years past. The outgoing board wishes the incoming board under Cary Neiman, much success.

## THE LITERARY MAGAZINE

This year the *Literary Magazine* was published twice. Although in the past few years *The Lit* has often had trouble getting enough material to fill its issues, this year there was minimal trouble filling two fairly bulky editions with better than average material.

The deadline for the material is generally a month before the magazine is to be published. At this time the Editor-in-Chief, Jud Mead, the Co-Managing Editors, Ham Magill and Tim Mossman, and the Literary Board, with such astute critics as "The Grub", select the best of the material submitted to them for publication. There is no definite length for the magazine; the amount of material deemed worthy to be printed determines the size. Not only did this year's issues contain fiction and poetry, but also many critical essays, and even some criticisms done by English 6 Honors during their fall examination.

Preparing for Sunday Communion

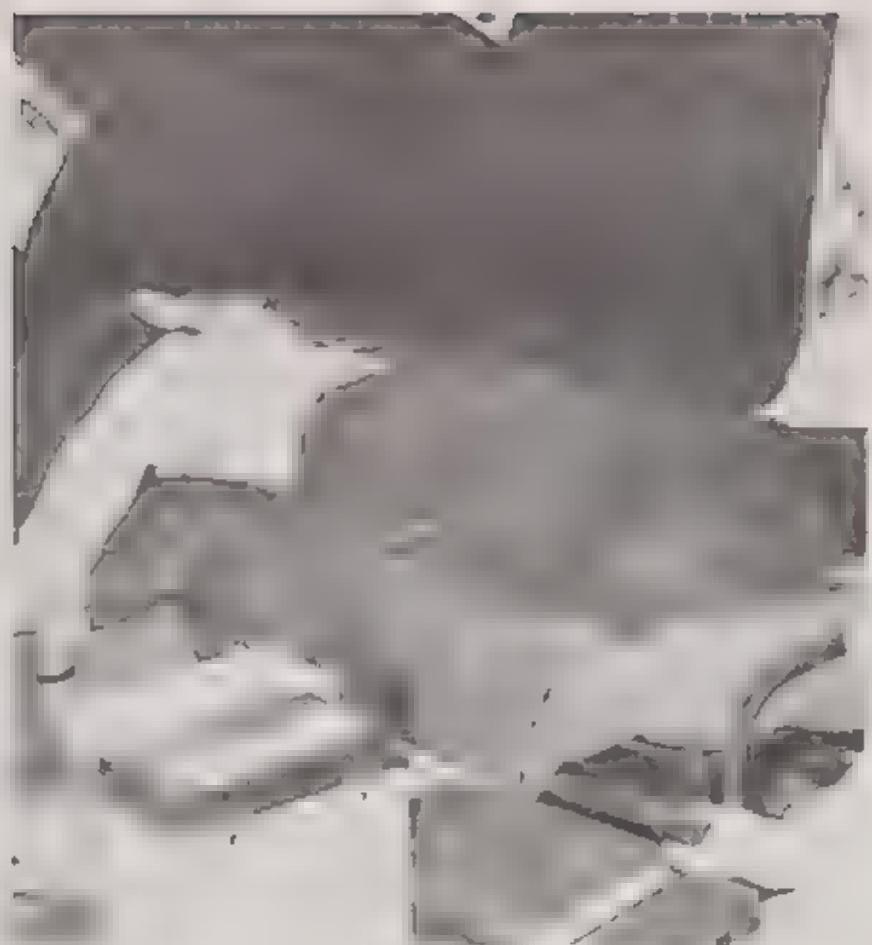

## ALTAR GUILD

The Altar Guild is an association closely connected with the Chapel and its services. With Paul Buddenhagen as President, the organization has charge of the care and maintenance of the Choate Chapel and the overseeing of the church activities. These boys prepare Sunday morning communion and serve as acolytes in special services along with St. Andrew's Cabinet. They are responsible for hymnals, prayer books, and the posting of song numerals before regular weekday services. With St. Andrew's it takes part in the Community Chest activities in and around the School area. Also from its ranks a number of delegates are chosen to attend various religious conferences. The society provides an excellent chance for boys to learn the workings of the chapel in preparation for possible election to the St. Andrew's Society.

## THE GOLD KEY SOCIETY

The Gold Key Society is perhaps the most underrated organization in the School. It consists of approximately eighty members and helpers whose interest and enthusiasm ensure the smooth running of the Admissions Department. Its membership is open to Fourth, Fifth, and Sixth Form old boys who are elected each spring for the following year. The Society not only employs about three boys a day for tours, but it also calls upon its members to greet mothers and fathers during weekends.

This year president Tom Wilcox, was pleased at the members' willingness to participate in this organization, which offers no more reward than the personal gratification of having performed a vital service for the School and having done it well.

In the fall term the C.H.C. featured two meetings about Cuba: one with Professor Dix of Yale; the other with author Carleton Beals. The Chairman of the United Nations Committee on outer space, Dr. Manfried Lachs, later addressed the club. The most important meeting of the fall was the Armistice Day Lecture, given by Andrew Cordier of the United Nations.

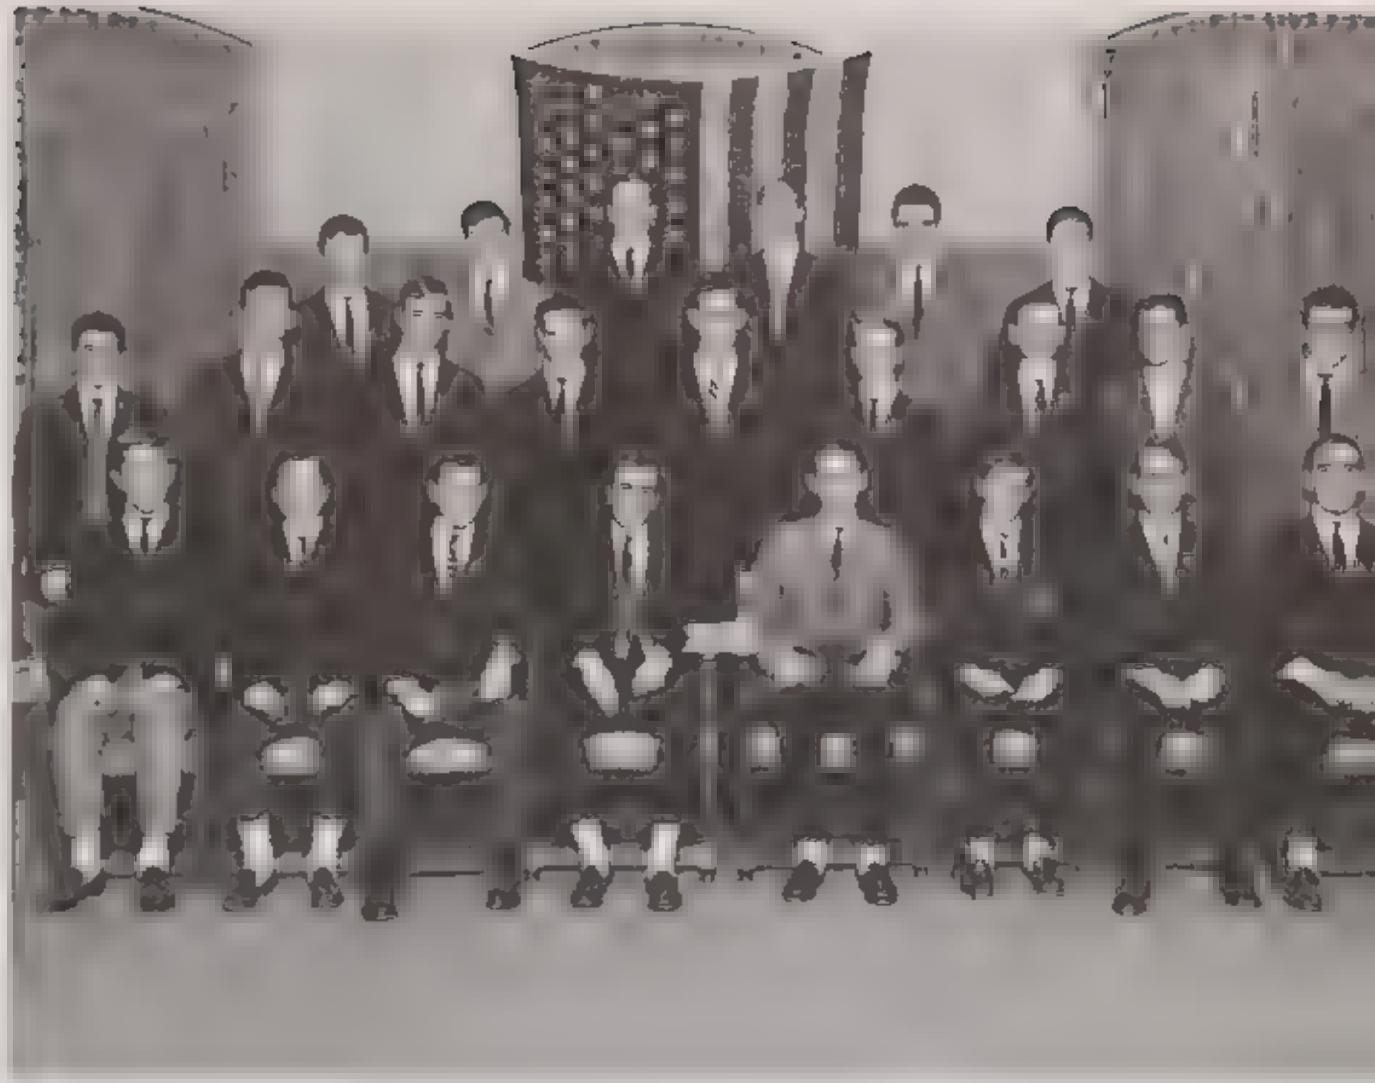

Speakers during the winter included Republican party aide and New York Attorney Eric Javits and Peter Garrard of Yale, who lectured on the Common Market. The club also presented a series of men representing minority viewpoints: John Birch Thomas A. Davis; Socialist Norman Thomas; Gordan A. Hall, who talked on extremist hate groups; and Otis Findlay, Jr., of the New York Urban League, who discussed northern segregation.

Under President Dave Scott, the C.H.C. this year expanded the number of conferences which it attended, sending delegations to a model UN, a Washington trip, spring and fall SSSIC's, and one day conferences at Northfield and Wilbraham.

## THE CONSERVATIVE CLUB

First row, sitting: Nicholson, O'Malley, L. J. Cabassa, R. Hall, Harder, Henderson, Wright, Munson. Second row: Nicolaysen, Kloth, McGraw, M. Wilson, Barry, R. Wilcox, Don, Larry Cabassa, King. — Marsilius, Taylor, Scott, Paloheimo, Biern, Frank.

Although the Conservative gained recognition in May of 1962, this relatively young club has made much progress under the leadership of President Ron Hall and Vice-President Toby Harder. The club now has one of the largest memberships in School, and the club's agenda included several controversial and well-known speakers.

Early in the year George Ganim, Republican candidate for mayor of Bridgeport, addressed the club. Other speakers included Senator Hughes of New York, Kieran

O'Doherty, Conservative Party candidate for U. S. Senator from New York, and Thomas A. Davis, a regional director of the John Birch Society. John Lodge, brother of Henry Cabbot Lodge, former Governor of Connecticut and former Ambassador to Spain, also talked to the Conservatives. During the course of the year the members had a chance not only to learn about the U. S. Government, but also about many contemporary viewpoints, Conservative as well as others.

## C. P. P. A.

This year the Choate Press Photographers Association came through in the clutch for the *Brief*. Just when pictures started to get few and far between, the organization was suddenly and mysteriously rent asunder by a number of shake-downs in the upper echelon, the guiding force in this dynamic organization. On November 20, 1962, in a short meeting in Hall 202, the C.P.P.A. was disbanded much to the dismay of the *Brief*, which depended heavily on this undying source of unsurpassed camera work.

However, there was still a flicker of life in the old organization, which began to re-form back into the stalwart, dependable club it had been before the rift.

As usual with the C.P.P.A., all developed well. Goose and his boys strove day and night to keep their good work coming. Even striving Rick Sturlen, most energetic member of this club, managed to get all of his three pictures in not later than thirty minutes past the deadline.

## THE PRESS CLUB

The two major functions of this year's Press Club were providing the faculty and students with newspapers and magazines, and keeping the school and outside newspapers informed of sports activities at Choate.

Headed by Dave Scott, the circulation department distributed *Life*, *Time*, and *Sports Illustrated* magazines each week, as well as the New York, Boston, and local newspapers each morning. The commissions received from these subscriptions were donated to the school to provide scholarships.

The Sports department, run by John Egbert and Tom Despard, covered home games and provided information results to many New England newspapers.

A sports book was published under the direction of President Bob Carpenter and in conjunction with this department, to complete the activities of the club for the year.

## THE ART CLUB

This past year the Art Club has delved into several fields. Besides a weekly program of films and several trips to nearby art shows, Mr. Hickman, the faculty advisor, has brought to the School a wide variety of shows ranging from the Civil War water colors to abstract Dali's. The dining room, library, and science building have been constantly filled with carefully picked exhibitions.

The purpose of the Art Club and its program of shows was to broaden and deepen the scope of the Choate student's knowledge of art. It is hoped that by giving the opportunity to examine different styles and periods of art, their appreciation of art in its different media will be more acute. With Paul Aaron, President, the Art Club, under the direction of Mr. Hickman, has been afforded many cultural experiences.

## THE AUTOMOBILE CLUB

The Automobile Club is open for membership to any boy at Choate who has an interest in automobiles. There are sixty-five members in the club representing all forms.

The Automobile Club's primary functions are showing movies on Championship drag races and sports car races. During the spring, the club goes on some Saturdays and Sundays to races. This year went to the Dover and East Hamden drag strips and the Thompson and Lime Rock sports car tracks. A large percentage of the club's members are sports car fans, and most of their interest lies in the sports car races. Also, in the spring the club entertained certain guest speakers of the automobile world, including several racing drivers.

Boys who are members of the club also have the chance to bring their automobiles up to the automobile shops at School. They are not allowed to drive them at School, but they may work on them in the well-equipped shop.

### SIXTH FORM TUTORING COMMITTEE

The Sixth Form Tutoring Committee helps those boys who need help beyond that available in conference period. They work in close conjunction with the boy's master in helping the boy make up work he did not originally understand. The tutors help boys achieve a greater understanding of material already covered in class and thereby create a firm foundation for further study. Tutors are available to any boy by his own request or by request of one of his masters. This year, Warren Vest, who was in 1962 the number one ranked boy in his class, headed the Committee. The others were drawn from able boys presently in the first quintile who were thought to work well with younger boys.

Seated, left to right: Tomford, Vest, Samet, Sicher.  
Standing: Rodzianko, Bryan, Agurcia, McIntosh, Peterson, Biehl, Bryant, Kuhn, Scott, A. Martin.

### HOUSE CHAIRMEN

As is the custom each year, a member of the Student Council, Nick Hare, headed the House Chairmen. Boys chosen to be house chairmen were selected at the beginning of this year by the faculty from a list drawn up by last year's Junior Class officers. The boys have few definite duties, other than normal ones as seniors. They conducted occasional house cleanups, and they also helped in collecting the result when a schoolwide vote was taken on the spring weekend. Of course, they are responsible for making sure that the house runs smoothly. The most important function of the group is the responsible image they project to the underforms. Note the picture at the left.

## UNDERFORM COMMITTEE

The purpose of the Underform Committee which was led by Terry Deane is to provide entertainment for Second and Third Formers on Saturday night. The nine members ties as basketball and volleyball in the Winter, Ex Saturday night and the yearly Capture-the-Flag game during the Spring Term. A secondary purpose of the committee is to have Sixth Formers help the younger boys in becoming acquainted with each other and setting up a general "togetherness" in their forms. Likewise, the members of the committee derive a great satisfaction from the job, having both a sense of pride and achievement in what they are doing. In fact, the Committee functions are as meaningful to the members as they are to the Underformers.

## THE ROD AND GUN CLUB

The Rod and Gun Club, with Louis Couture as its President, is the largest club in the School. It is said to have the best pheasant hunting organization in the country. An arrangement with the government guaranteeing to put at least two hundred and fifty birds on the shooting grounds permits the club to have a longer season and to make its property strictly private.

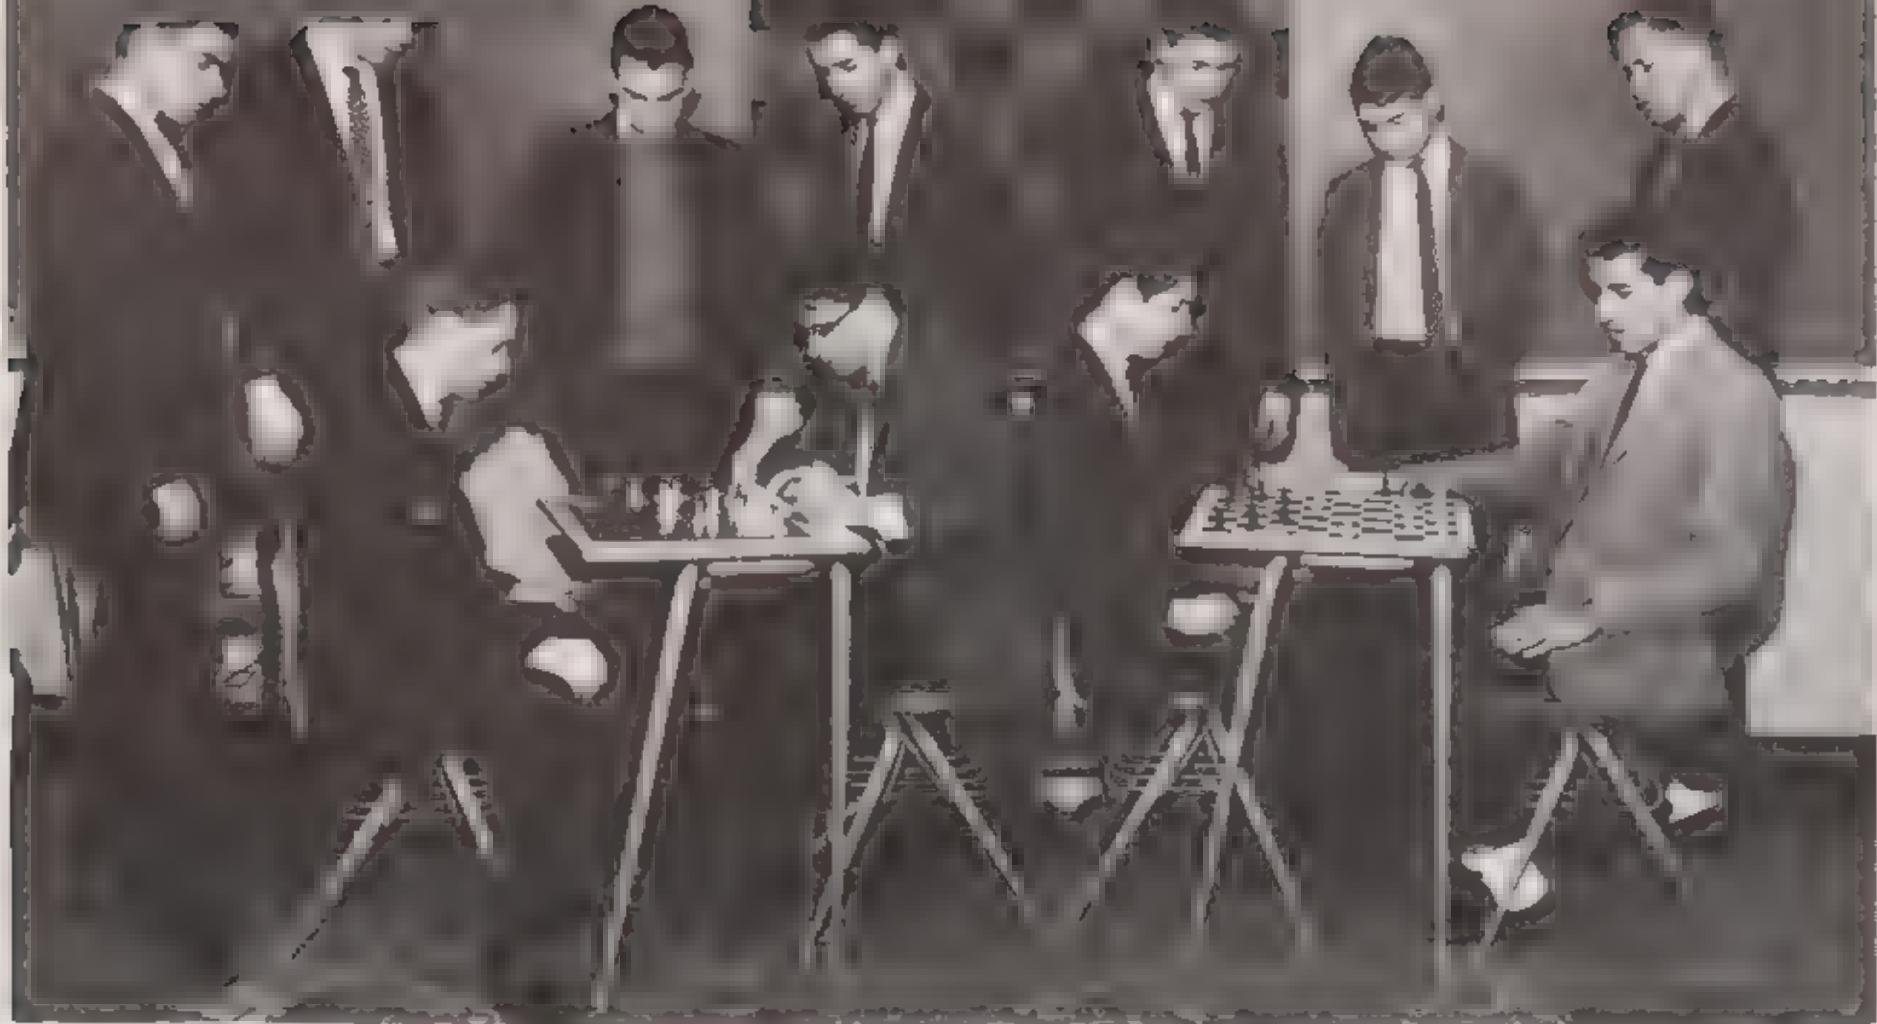

The club's two advisors, Mr. Pudvah and Mr. Lyndes, buy and feed the pheasants and release a few the night before a party goes out shooting.

Each year after the season is over the club sponsors a banquet using all the game that is shot — pheasant, rabbit, crows and a few squirrels — as main dishes.

The club also has a pond where it keeps trout so that boys may fish there during the fishing season.

## THE CHESS CLUB

With the aid of Doug Myers, Bill Walker, and Sandy Grant, who have held the top three ladder positions in the undefeated chess teams of the last two years, this year's chess team has also secured a victorious season. To maintain their winning records, the officers, Doug Myers, Bill Walker, and Ron Alessandroni — president, secretary, and treasurer respectively — en-

couraged ladder challenges and bolstered the development of weaker players. The matches were scheduled against other school clubs, town chess clubs, and the Choate faculty. Especially exciting was the match with Deerfield, after which, after the smoke cleared and the blood dried, Choate emerged victorious,  $7\frac{1}{2}$  to  $2\frac{1}{2}$ .

## DEBATE SENATE

Headed by Doug Myers, the Debate Senate this year had matches with several New England schools. The team, with such "loudmouths" as Paul Aaron and Cliff Ransom, met Yale on February 22nd, and participated in the annual Triangular Tournament on April 12th.

On March 9th and 10th the Debate team went to Columbia University to participate in the National Forensic League Tournament held at that school.

The Fall term was spent largely with intramural and impromptu debates for the purpose of preparing the team for future events.

## THE GERMAN CLUB

This year the German Club, under President Skip Wolf, has changed its practice of meeting on set dates and has, instead, met whenever the need arose. The result has been that there have been fewer meetings, but that the meetings have been more fruitful. The meet-

ings often serve as times for planning of club activities for the future. During the winter, the club sponsored an illustrated lecture on travel in Germany which was followed by an exhibition in the library. For the most part, the more important club activities took place in the spring term; mainly German movies and discussion groups.

## THE RUSSIAN CLUB

This year the Russian Club, under the leadership of Warren Vest and its advisor, Mr. van Straalen, has made several trips to places of interest. It attended a service at a nearby Russian Orthodox Church and afterwards met with the priest. It has also made occasional trips to New York and New Haven theaters presenting Russian Movies. The Club also participated in a spelling bee in Russian with Miss Porter's School. During one trip to New York the group visited the Soviet Mission to the United Nations and sat in on an Assembly Meeting of the United Nations. The Club also helped entertain three Russian educators visiting the School as guests of the Department of Education.

## THE FRENCH CLUB

The French club's program of activities was filled with many new events. The first of these was a get-together with Chaffee, Miss Porter's, and Ethel Walker's girl's schools, for the first time in the club's history. Many other meetings, both here and away, with other girl's schools followed. During all of these meetings, the actual customs, philosophies, and ideas of the French people were followed and practiced as closely as possible, climaxing the year for each member with a fuller understanding of the French and their ways.

Another innovation was that of music. For the second "get-together" of the year with girls, "Les Parisiens" performed; Paul Rodzianko on the guitar, and Mr. Clerke on the piano. While Paul strummed on his instrument, Mr. Clerke accompanied him and sang.

A joint trip to New York with a girl's school for a French play highlighted the schedule composed by president Tim Mossman.

## SPANISH NATIONAL HONOR SOCIETY

Sitting, left to right: A. W. Martin, Peterson, Brookfield, Standing: Vincent, J. Davis, Watzek, R. Hall, Stulen, Davidson, Vinelli, Browning.

The Spanish National Honor Society is a society made up of boys who have continually attained honor grades in Spanish. With Walker Martin as President and Mr. Cushman as advisor, the Spanish Society has

made various trips to local high schools and a few Spanish language plays in the area. This year the club has extended its activities as the society grew in size.

## THE RADIO CLUB

Through the invaluable aid of the Father's Association, Mr. Paul Juliff, and through the initiative of the President, Pete Rosden, the Radio Club received a new station in the Spring Term, composed of the best equipment in the world: Collin's equipment. During the year the club members made contact with several new countries and were in touch with stations in Antarctica. In the Spring the club made a trip to the American Radio Relay League.

## THE STAMP AND COIN CLUB

The Stamp and Coin Club has been especially active this year. Each week the members met in the Science Hall to participate in the many activities open to them such as buying, selling, or trading their stamps and coins. In addition, the club's many price catalogues dealing with the values and identification of the different collections, helped to facilitate these trading sessions.

In the Winter Term, the club spent much of its time planning for a two week library exhibit which occupied four cases in the Reading Room. The club allotted two cases to the stamp collectors and the same number to the coin enthusiasts. Each group had to plan its own exhibit with the collections of its own members. The coin display turned out to be most interesting as there were about 25 gold coins on display with a total value of \$5,000. In addition, there were U. S. Mint proof sets of coins on display, and plate blocks of John Glenn stamps.

During the Spring Term, the Club saw two movies on the subject of the minting of stamps and coins which were loaned by the U. S. Treasury Department to the club.

## THE SKI CLUB

This year the Ski Club, under President Rig Reese, has attempted, as in past years, to give those boys who do not ski as a sport at Choate a chance to ski on weekends. Throughout the winter weeks trips on Sundays have been directed at Powder Hill, Catamount, and the ever popular Mohawk Ski Area.

Boys wishing to go on these trips have simply to secure permission from their parents and to pay the Club's dues, which go to pay the expenses for transportation. The trips leave early in the morning and return in time for supper. In this way, a full day of skiing is not rare.

The Club is a member of the United States Eastern Amateur Ski Association, and, in so being, affords its members an opportunity to participate in Association activities.

## THE CAMERA CLUB

Throughout the year the Camera Club presented a series of educational films on photography and its uses; how better pictures are taken, how artificial lighting can be used better, and how photography is used in industry. The Club thanks Mr. Morgan for obtaining these fine movies. The members benefited from these movies, as their photography technique was certainly improved.

All the members of the Camera Club had full access to the dark room, where they could develop and print their own pictures. Although most of the members had never done developing or enlarging before they joined the club, they were given a chance to learn, gaining valuable experience through the use of the facilities.

## THE CHOATE PROJECTIONISTS ASSOCIATION

The Choate Projectionists Association has in the past limited itself to one showing of classroom films. Since moving into the new audio-visual room, however, the group has expanded. From seven members it has grown to twenty-one. This fall, the Association planned a film festival, consisting of the best twelve educational

films of 1963, which was held on January 20. As both the public and the Choate students were invited, the attendance reached three hundred. The evaluations of the films will prove useful in the planning of another one next year. In the future, the Association hopes to continue to increase the scope of its activities.

## THE CHIME RINGERS GUILD

This year, as in past years, the Chime Ringers are responsible for ringing the bells before each Chapel service. Paul Rodianko heads the club, with Dan Bradley and Jeff Adams as members. On weekdays the bells ring hymns for ten minutes, with an extra five minutes on Sundays.

Recently, Andy Anderson and his electricians installed a group of lights among the bells. This arrangement is to give enough light during the winter evenings to allow the bells to be rung manually, or to be repaired.

The Choate bells are some of the best in the United States. They have a fulness of tone absent from most bells. Thus they have become an inseparable part of the Choate religious life.

## THE RIFLE TEAM

The Rifle Team is selected from the ten top shooters in the school. To make the team, a boy must be proficient in both standing and prone positions. The team holds thirteen matches with near-by schools. In a match every shooter fires ten shots in both positions, compiling a score out of a possible 200 points. The top five scores from each team are added to give the final total out of 1000 points. Trying hard to live up to last year's title of Connecticut state champions, the boys worked hard and ended the season with a fine record. Shooting in the top spots are captain Bob Carpenter, John Browning, Carl Kugel, and Tim Garson. Carpenter and Browning have been with the team for the past three and two years respectively.

## THE WEATHER BUREAU

The Weather Bureau holds weekly meetings. Each individual member must prepare a daily forecast which is graded by Mr. William Ayres, who evaluates their development in weather forecasting week by week. New and more accurate equipment has been bought. In the spring a few trips to Bradley Weather Air Field were made. These trips, plus the weekly films, discussions, and day-to-day forecasts, have made the members fairly good forecasters and students of Meteorology.

## THE GEOLOGY CLUB

This year's Geology Club, led by its faculty advisor, Mr. Meeks, and President Walt Kelly, had an active schedule. A number of movies were shown to the club among which was an award-winning documentary on the volcanic eruption at Kelawen in Hawaii. Also, the club was host to several speakers, one of whom was Choate's bursar, Mr. Swigart, who told the club about his archeology trips in the west and illustrated his talk with slides. In the spring the club took a trip exploring underground caves.

## THE GLEE CLUB

The Glee Club's hundred members, ably led by president Fred Doering, started its season with a combined concert with the Masters School. The Glee Club's other engagements included a recital at Festivities, and secular concerts with Kent Girls' School at Kent, and with the Rosemary Hall School at Greenwich, and a Choral Vespers in the chapel with the Dwight School. A combined concert with Dobbs in New York at St. James' Church in April highlighted the year. Among the best songs of the Glee Club's large repertoire were *Old Tom Wilson*, *The Old Ark's a-Moverin'*, *The Hallelujah Chorus*, *Steal Away*, *Jefferson*, *Song of Peace*, *Old Man Noah*, *Glory to God*, *And the Glory of the Lord*, and *I Gave My Love a Cherry*. However, no artificial crutch could have replaced the superb direction of Mr. Duncan Phyfe. His great knowledge of music, his constant vitality, his understanding of the individual, and his unforgettable officers' dinners make Dunc one of the finest glee club directors in the East.

## THE BAND

Under the able leadership of director A. J. Pletinck, the Choate Band has developed into one of the finest musical organizations in recent years. Besides playing famous marches at all the home football games in the fall and leading the whole School at the annual Choate-Deerfield game, the Band plays concert music ranging from the Triumphal March from "Aida" by Verdi to the Rhapsody in Blue by George Gershwin.

A concert was given at the Ethel Walker School in the winter and the 15th annual combined concert with the orchestra was given to a full house just before the spring vacation. An outdoor concert was given to the School as a climax to the Band's activities, besides concerts to Alumni Day visitors and mothers on Mothers' Day.

Weekly rehearsals on Monday and Thursday nights were required to keep a full repertoire in readiness. The well-rounded year was ended with a party at Mr. Pletinck's house at which Band President Steve Wade and the other officers surrendered their posts to newly elected musicians.

## THE ORCHESTRA

Led by Rodney Clough, the Orchestra, which is made up, mainly of the better and more experienced members of the Band, was one of the best balanced ensembles that Choate has produced, featuring a cello, a very needed yet often rare instrument.

The Concert Orchestra, besides playing with the Band at Ethel Walker, Emma Willard, and at the annual Choate Concert, presented a program during Festivities. The repertoire consisted of selections from *West Side Story*, a new arrangement of *Swing Low Sweet Chariot*, several numbers by Leroy Anderson — *Trumpeter's Lullaby*, *Phantom Regiment* — and two melodies for a string section: a duet by Vivaldi and score by Mozart.

During the School year, the Pops Orchestra played on the balcony for Saturday dinner and for the Seasonal Sports Banquets, as well as on special occasions — Fathers' Weekend, Alumni Weekend, and Mothers' Day. Two new innovations highlighted the Orchestra's performance this year. One was the formation in the fall of a Dixieland Jazz Group, and the second was the installment of a new speaker system in the dining room.

## THE GOLDEN BLUES

This year the Golden Blues carried on the idea of a smaller band, established last year. Returning from the original small group were leader, Steve Wade and bass player, Pete Mygatt. Chambers and Hawes adapted themselves quickly and easily to the quartet idea which proved quite effective. The "Blues" included in their repertoire dance music, contemporary jazz, an occasional rhythm and blues number, and several slightly stylized bossa nova tunes. Playing at Ethel Walker's, Dobbs, Rosemary Hall, and Dwight's, and culminating these endeavors with a record, the "Blues" proved to be a well-instrumented and well-rehearsed group this year.

## THE INTRUDERS

The "Intruders" entered the Choate musical world three years ago. Since then, without sheet music, faculty advisor, or brass section, these "Intruders" have given concerts, played for dances, and cut two records.

Dulch Hatcher and Casey Lanman alternated on lead guitar while Bruce MacLaren thomped serenely on his bass guitar. The drums and piano were devastated by Tony Moraff and Fred Doering respectively.

The first "Intruder" rally was attended by a large part of the student body and certain members of the faculty. After the rally was banned by the Dean, the "Intruders" brought their animal-like beat to the Tea Dance and the Festivities Sock Hop. Two original songs, "Hotfoot" by Hatcher and "Dis-Tor-Shun" by Lanman, climaxed the "Intruder's" last year.

## THE STEVE WADE TRIO

In earlier jam sessions on Saturday nights at the Tuck Shop, the Steve Wade Trio managed to impress many listeners with their variations of standards and originals in jazz. With creative jazz compositions by Wade and Chambers, the trio often performed like professionals. Wade's hopes as a future jazz drummer were greatly encouraged by the fascinated audiences at the Festivities tea dance and cocoa sessions.

The Trio's repertoire runs from standards such as "Intermission Riff", (the trio's theme) and "A Taste of Honey" to Wade's jazz compositions of "Chthonic Deities" and "Castilian Waves".

Seated, left to right: Miller, Beaty, Doering, Biehl, T. Lachrop.  
Standing: Williams, Mixsell, Caesar, Birge, Smidt, Escher, Schaal.

## THE MAIYEROS

From their first concert at the Fall Tea Dance to their climactic trip to Bermuda, the Maiyeros developed in precision and spirit. At every performance, their rich sound and their obvious joy in singing was transmitted to the audience.

The bass parts were capably handled, or man-handled, by "runny-nose" Biehl, "Bathtub" Beaty, and "Black" Birge. The baritones, "Derf" Doering, "Foot" Lathrop, and "Dave" Escher, were matched in ability, one way or another, by the tenors, Bob Schaal, Tom Smidt, and Bob Miller. The melody was melodiously sung by Henry "Fingers" Mixsell, Roger "Garden Bo-Bo" Williams, and Pete "N-N-Nice" Caesar. The addition of Mixsell and Williams, playing on various instruments (guitars etc.) greatly added to the spirit of the group.

The Maiyeros was greatly hindered in the selection of their repertoire. They were prohibited from doing "Blue Moon", and at no performance could they ham it up. But despite these drawbacks, The Maiyeros admirably sang "Ride The Chariot", "Mormon Coon", "Old Grey Bonnet", "Duncan Phyfe", "Scandalize My Name", "St. Louis Blues", "Much Obliged To You", and many more.

## TWELFTH NIGHT: William Shakespeare

Distinguished by flawless performances both on stage—and off—Shakespeare proved as dazzling, as sentimental, as funny and as poignant as four plays in one. A very young cast must be warmly commended for creating *What You Will* to three widely different audiences; and a special word to Malvolio, whose self-love was insufferable, and to Feste, whose agility and mimic swept the audience on to the stage, regrettfully to quit as the lights shivered and the play was done—

#### FROST AT MIDNIGHT:

by Andre Obey

An unpublished French play, in translation, clearly stated the strength of the hope Beckett tried to destroy. The play will go on! That is the story in a mediæval English town, where the Virgin Mary is played by the local barmaid. Much of the distinction of the performance lay in its home-grownness: costumes, set, make-up, lighting, properties — and even some of the lines! — were student miracles. So God was born to us as we indifferently set out to ski, warmed to life by the breathing of those who fully understand an ox and an ass.

## WAITING FOR GODOT: Samuel Beckett

Beckett has written the perfect boomerang-play for Advent, the season of expectancy, of waiting. Two tramps wait: Gogo is worldly despair, Didi, his partner in poverty, hope; Pozzo portrays power and pomposity, his slave, Lucky, constipated intellectualism; The Boy, a link between hope and despair, sent from Godot, the Unknown. In attempting to show that Godot is a fiction, Beckett is hit by his own weapon, because he cannot destroy hope. Gogo: And if he comes? Didi: We'll be saved! We shall perhaps never again rise to the height of Gogo's characterisation.

Captain Tom Schriber

The story of the 1962 Choate football team lies not in its victories, but in its defeats. Outmanned by both Cheshire Academy and Deerfield and outfoxed by Lawrenceville, the team made each of these contests close before submitting. Victories over The Hill, Hotchkiss, Mt. Hermon, and Loomis provided Choate with a winning season.

The team that Coach Jack Davison, chose in the opener against Cheshire Academy was made up of an untried line and a veteran backfield. It was called upon to face an experienced Cheshire team that boasted several fine backs and a heavy line. Choate powerblocked and trapped everyone in sight, but eventually fell short, 24-22. This was perhaps the best game of the year for some boys in the line; certainly one of Captain Tom Schriber's and Ed O'Connell's better performances.

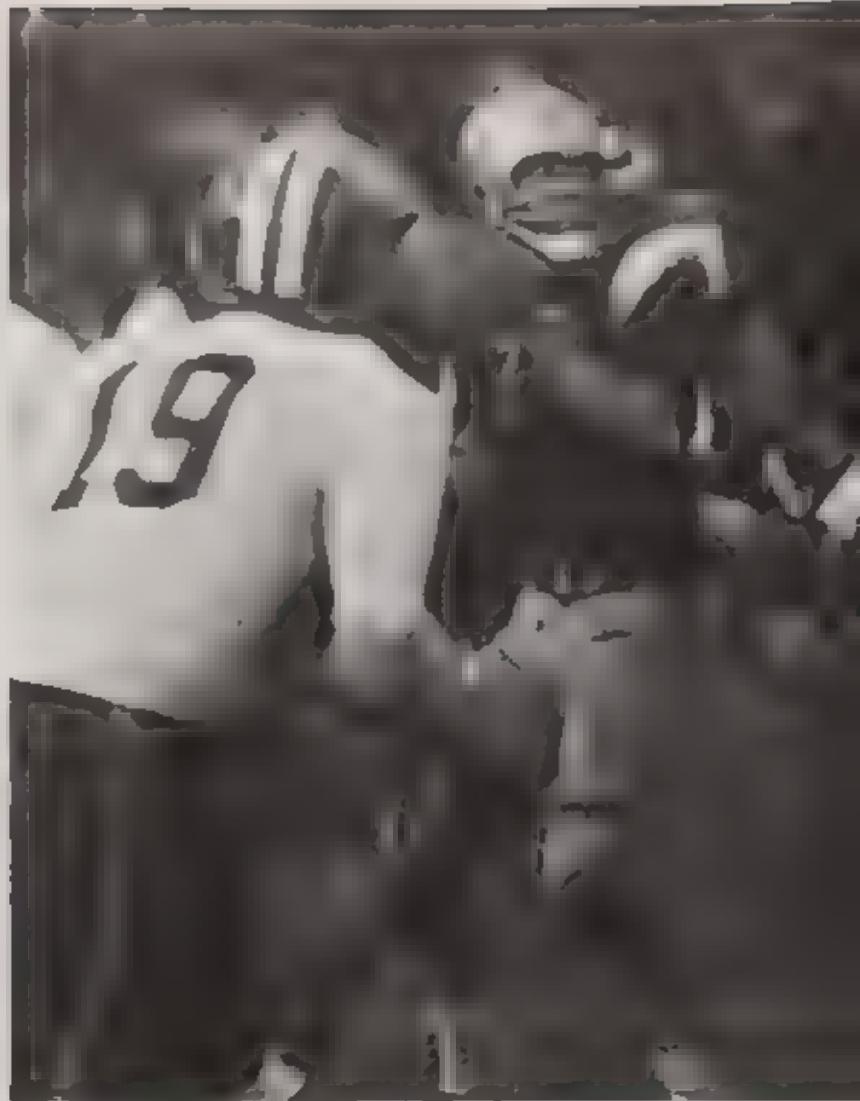

Another home game against Loomis gave the fans a second offensive show in as many weeks. Choate held the lead 35-6 at the half. Loomis put on a dazzling display of passing and running from a spread formation, as the game ended 35-22 Choate. Ed O'Connell's passing, Tom Schriber's running, and Ron Alessandroni's blocking were very instrumental in the Choate victory.

An overnight trip highlighted The Hill-Choate meeting in Pottstown, Pa. Although beset by problems in timing, Choate was able to extend an 8-0 halftime lead to a 23-8 victory. Teny Deane's powerful running behind his personal interferer, pulling guard Chris Calder, accounted for the longest runs of the day.

The game at Hotchkiss provided Choate with its third successive win, 28-6. The Hotchkiss Split-T attack never materialized, while Rob Webster and Paul Buddenhagen made several key blocks. Mike Douglas and Teny Deane led the defense.

Wide-open, pro-type football made a one day stop at Choate on Father's weekend as the Blue and Gold defeated Mt. Hermon 35-33. Tom Shriber ran around, under, and through the entire Hermon team in a game which saw the lead change hands five times.

Schriber sweeps end against Loomis

The following Saturday Choate played Lawrenceville, who had lost only one of 34 previous games—against Choate last year. A cold rain and a colder wind joined forces with the Lawrenceville eleven to shut out Choate, 10-0. Paul Buddenbagen and Dick Brookfield were stand-outs in this toe-to-toe battle of muddy linemen.

An incredible performance by Deerfield's quarterback, Dick Nistad, sparked the Green to a 27-14 win over Choate in a game which was more one-sided than the 13-point spread would indicate. The fine comeback in the fourth period so laced those who had seen the team in contention in every game except Deerfield.

Choate deep in Suffield territory

Hare sparks on team

With but six returning lettermen from last year's squad, the varsity soccer team this year turned in an admirable 8-5 record. But such a record does not adequately describe the strength of this squad, for every loss that it sustained was decided by only one goal. The strong performance against Cheshire, Taft, and Milford suggest that with a bit more depth on the bench, the over-all record might have been different. However, this year's squad produced a performance which future teams will do well to equal.

Opening against Cheshire, the Blue and Gold quickly smothered their opponents with four goals in the first period of play. Wasting no time, Jeff Gould, playing right wing, quickly scored after the opening whistle to be followed by center forward Rob Ayres' two tallies and rookie left wing Chuck Thomas' one. With Cheshire able to avenge only two of the scores, the Blue and Gold had its first taste of victory with a 4-2 win.

Choate's defeat, the next game was a heartbreaking loss to Wilbraham, the deciding and only goal being scored in the last minutes of double overtime. The Blue and Gold was again on the short end of another score as it lost its next contest to Kent, 1-0.

A change in the line-up which put Tom Despard at center-fullback paid off in the squad's next game against Williston, Choate winning 4-2. Pete Kovner played exceptionally well as he scored 3 goals as well as playing defense.

Choate's next game with Hopkins put the team over the .500 mark as they travelled down to New Haven to defeat the Red.

In the next games against Suffield and Hotchkiss, stand-outs were Captain Nick Hare and center forward Rig Reese. Reese came through in the closing minutes of the Suffield game to break a 2-2 tie, while Hare scored the only Choate tally to defeat Hotchkiss 1-0.

However, this four game winning streak was finally snapped in a 2-1 defeat at the hands of Kingswood.

Before a large Father's Day crowd on the following Saturday, Choate avenged a defeat of a year ago by downing Mount Hermon 1-0. Sparked by this victory over Mount Hermon, Choate proceeded to trounce Taft 4-2. Alfonso

The final two games of the season saw the crest of Choate's victories finally fall. The first defeat in three games was to Loomis, who tallied early in the game and continued to thwart all attempts by the Blue and Gold to tie. The most disheartening loss of all the close ones, however, came next when Deerfield squeaked by with a 1-0 score in this all important game. Such a score does not even hint at the determination of the Choate squad to end a twelve year domination streak by the Green, nor of the excellent play on the part of the entire team.

Co-Captain "Legs" Dewey

The 1962 cross-country season started out as the most promising one in many years. With Co-Captains John Bitner and Chris Dewey leading the team, there were in all five of last year's lettermen, including Arkie King, Jim Duncan, and Shep Gilchrist; also Wick Hay, Peter Boorsch, and Ralph Boynton seemed ready for Varsity competition after pacing the J. V.'s the previous year.

The team journeyed to Salisbury for their first race against Avon. Despite a slippery, treacherous, and hilly course, the Choate harriers showed strength down the line. Taking all but second of the first six places, the meet was won handily, 19-42. Co-Captain Chris Dewey and Bill "The Geek" Prytherch, a surprise fresh from the soccer fields, came through very well for the visiting team.

Choate's next venture was not nearly as suc-

cessful, and ended up in a 16-47 trouncing by the Wesleyan Freshmen. The heat and the "road" course at Wesleyan proved too much for the as yet inexperienced Choate runners. Shep Gilchrist was the only one to place, running a weak fourth.

Spirit was a little low after the Wesleyan race, but it was soon raised when a squad from Loomis invaded Wallingford. Choate again spotted its opponents second place, but took enough of the other places to run 20-38. Shep Gilchrist, with his luck-piece on the toes of his shoes, scampered across the finish line in 11 minutes, 47.1 seconds, to break the school record set last year by Wiley Reynolds. Co-Captain Dewey ran a very fine 12:19 to grab third place, with Peter Boorsch only five seconds behind.

On Father's Day the Choate harriers suffered a disappointing defeat to Mt. Hermon, 18-42. The tremendous depth of the Hermonites was the deciding factor, and they won easily although Choate did not run a bad race at all.

The over-night trip to St. Pauls for the New England Interscholastics marked the beginning of a rash of injuries that greatly hindered Choate in its remaining three clashes. At the very start of the

race, in which there were about seventy participants, Peter Boorsch, our No. 3 man, pulled up lame; no Choate runner made a particularly impressive showing as Choate placed fifth out of the nine in the Class A division. What hurt most of all was that Deerfield beat Choate by one point.

The last two meets of the fall against Taft and Deerfield were real squeakers, with Choate coming out on the short end of both. On the long (2.9 miles) Taft course, Pete Boorsch couldn't make it on his heavily taped ankle, Co-Captain Bitner, having finally reached top shape, sprained his ankle in a hole, and Bill Prytherch still was having trouble with shin-splints. Gilchrist, Dewey, and especially Arkie King all ran good races, but the team was missing too many of its top runners. Wick Hay was also outstanding for Choate. The score was close, but Choate succumbed, 26-30, even through Gilchrist, in his best race, broke the existing record there by twenty-four seconds, in 15 minutes, 7 seconds.

Again we lost to Deerfield by one point in the final race. Without four of the first eight harriers, Choate took first, fourth, and fifth, but lost, 27-28.

Magill wins opening jump

Choate's 1962-63 Varsity Basketball compiled an impressive record of thirteen wins and four losses. The starting combination of Captain Bob McCallum, Tom Schriber, Ed O'Connell, John Egbert, and Ham Magill and Larry Beihl, who frequently spelled Magill, was small but extremely fast and aggressive. By employing a pressing defense and a fast-breaking, fast-shooting offense, it used its speed and aggressiveness to good advantage. Reserves Dave Pryor, Bob Johnson, Brooks

Carey, Steve Bryant, John Tuthill, and Bob Sokolowski were also quick and aggressive; hence they were able to relieve the starting players effectively in game situations and keep pressure upon them in practice sessions.

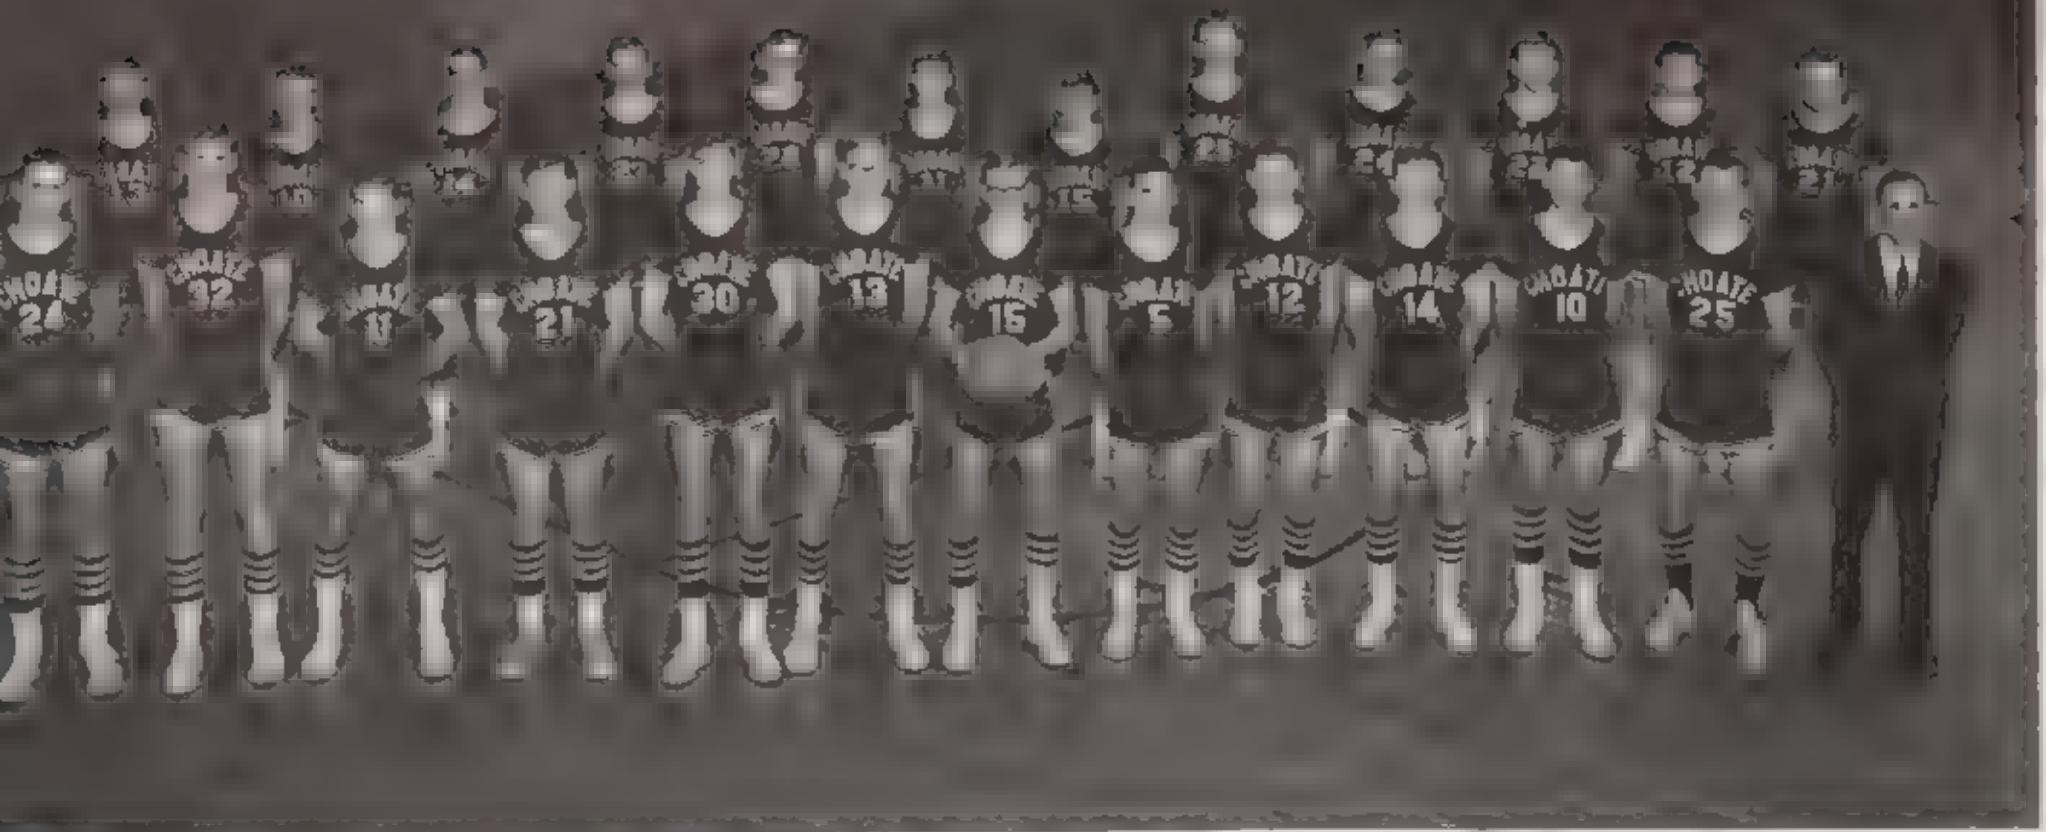

The team opened its season early in December at Mount Hermon. There, in a round-robin tournament, it defeated St. Paul's, 39-31, and Mount Hermon, 30-20, and lost to Deerfield 40-29. Games against Kent and Cheshire completed the

pre-Christmas Vacation Schedule. Kent was beaten, 63-61, in Wallingford; Cheshire, however, proved too strong on its home court, 68-59. After the holidays the team squeezed by Taft, 63-57, in Watertown before bowing to Westminister, 64-46, on its home court. Then a close win over Suffield, 56-53, in Wallingford, and an easy victory over Hopkins in New Haven, 80-43, were followed by a hard fought contest at Loomis, where the strong home team handed Choate its last loss of the season, 60-47. Seven straight victories, fittingly climaxed by a 72-56 rout of Deerfield in Wallingford, closed the season. Defeated were Hopkins, 77-41, at home; Trinity-Paw-

ling, 63-56, away; Kingswood, 57-50, in Wallingford; Williston, 50-43, and Gunnery, 48-32, both away; and Milford, 71-51, in the Winter Exercise Building.

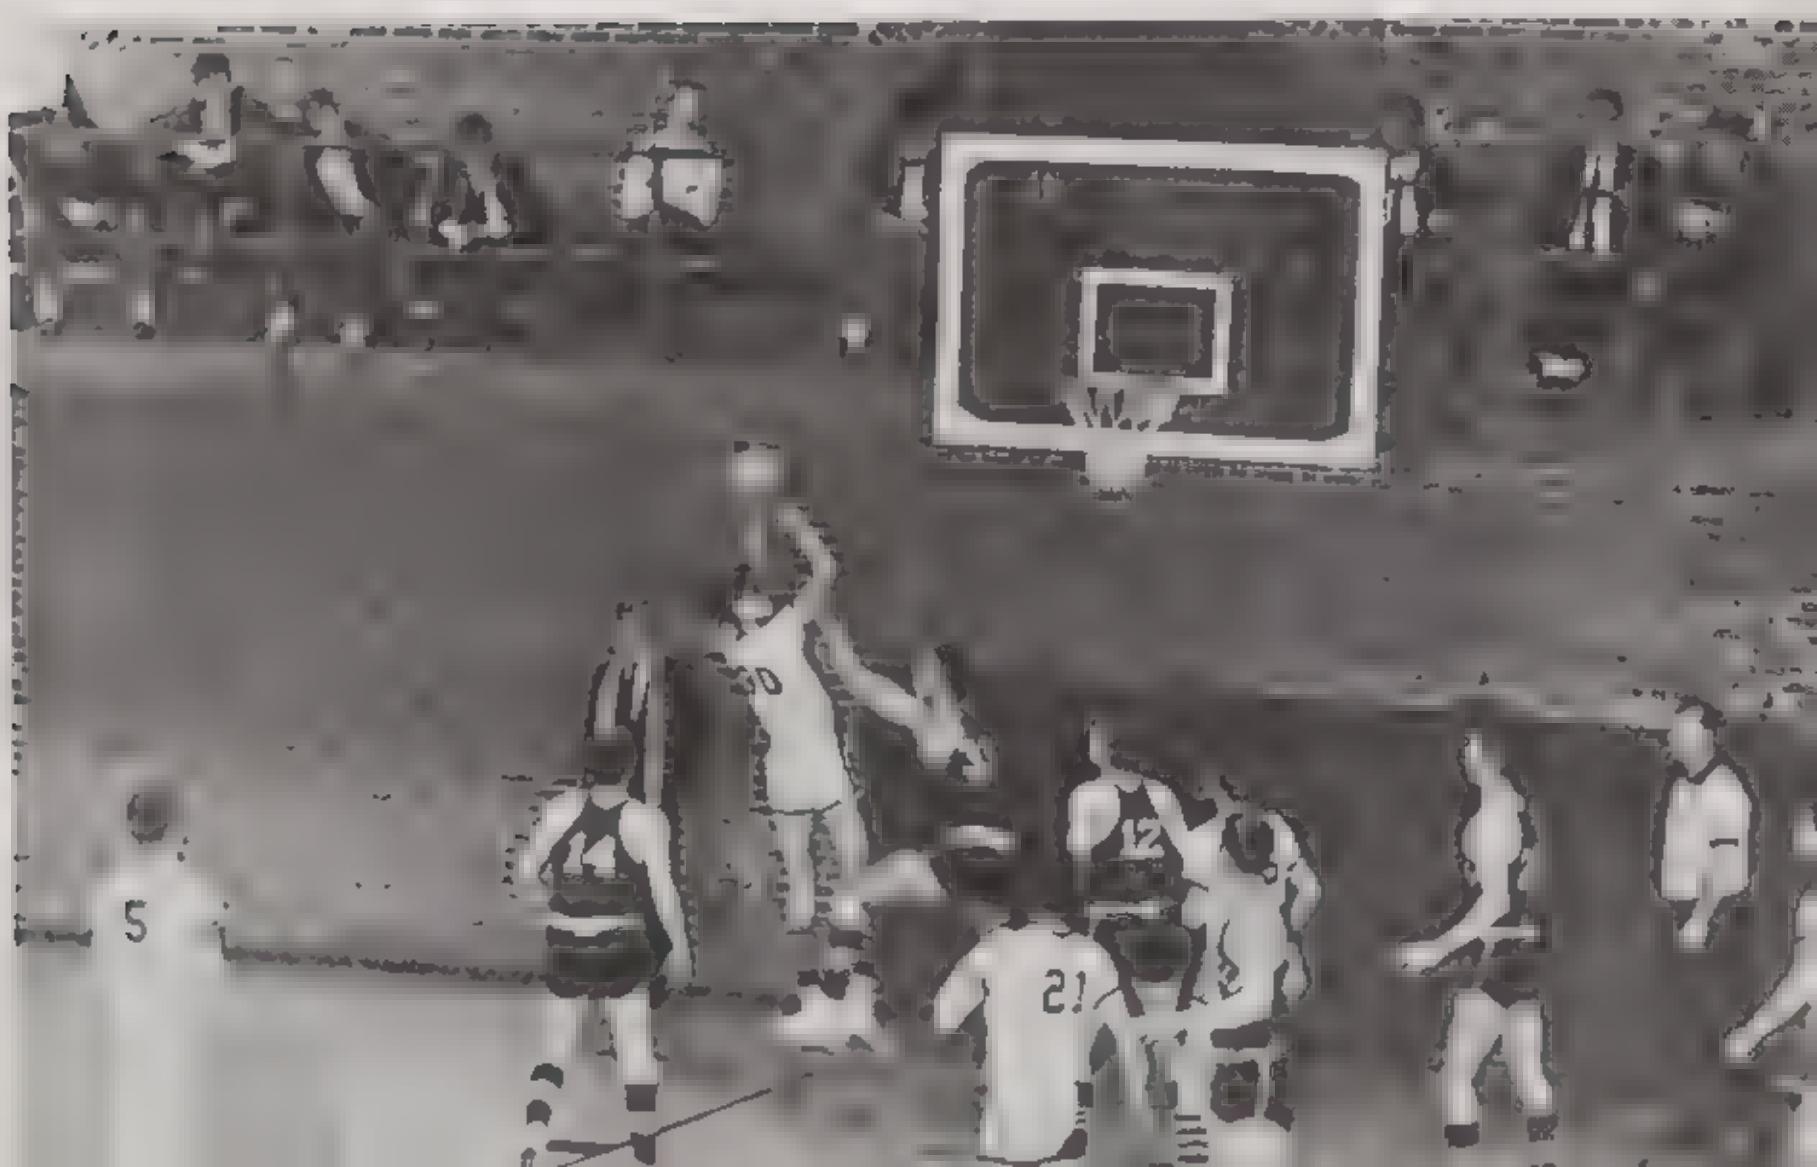

In the Deerfield win, scoring was evenly distributed among the starting players just as it was throughout the season. Though Captain Bob McCallum's play clearly stood out all year, the season was a success because of fine team play.

As seven of the twelve members of the 1962-63 squad were underclassmen, prospects for further success in 1963-64 are good.

Choate first encountered a strong Brown Freshman team, which outplayed Choate during the first two periods. Co-Captain Zef Fessenden flaunted most of Brown's early attempts to score, while Jere Smith and Chuck Thomas did manage to score for the Blue and Gold. However, in the final period Brown pulled ahead 6-2. Next, in a hard fought game against West Haven, Choate lost in overtime

4-3. In the third game Choate again lost, this time a 5-0 shutout, to Hamden High.

During Christmas vacation the team drew an exceptionally hard-skating Belmont Hill team in the first round of the Lawrenceville tournament. In the first two periods, Belmont took advantage of a disorganized Choate team and, despite a third period Choate rally, won 7-2. That same afternoon the team made a strong comeback by routing Hotchkiss 5-0. Co-Captain Ayres netted three goals and assisted two others by Baldessari and Smith. In the consolation round finals against Kent, Smith, Clark, and Gould scored, while Fessenden let in only one shot and made twenty five saves.

In its first game after vacation Choate lost to the Williams Freshmen in the rain, and the following week they succumbed to Taft. Next, Choate trounced Mount Herman 10-0. The team then traveled to Lakeville, where they defeated Hotchkiss in a hard fought game, 7-4. Co-Captain Ayres and Curt Tobey each pumped in two, while Berens, Gould, and Pearce also scored. Following the Hotchkiss victory, Choate took on Deerfield, one of the strongest teams in the East. In a hard played game Fessenden thwarted the Green's attempts to score with well-executed splits and glove saves. However, Choate could not seem to score,

and the game ended 2-1, for Deerfield. Returning to home ice, the team was edged out by Kent 3-2. The following weekend Choate again lost to Kent. Eager for victory, Choate crushed Hotchkiss 6-3, with Gould, Pearce, Clark, Baldessari, Johnson, and Smith all scoring. In the Loomis game Clark and Smith scored in a 2-1 victory. Next, the team lost to the Yale Freshmen 5-1.

In Choate's last game of the season, the team traveled to Watertown to play Taft. Although Taft quickly scored twice, the score was tied in the second period as Pete Johnson and Chuck Thomas both netted. In the extremely rough final periods of the game Ayres scored two times, but strong skating Taft team prevailed, and the final score was 7-4, with Fessenden's saves at thirty-six.

With only four returning lettermen, the wrestling team's performance rested upon the shoulders of relatively inexperienced wrestlers. Despite this handicap, the team compiled a 5-4 record.

for the Deaf 25-16 and Kent 24-16, where the highlight was Rod Russel's pin of the Kent captain in the 177 pound class. A 20-17 defeat by Mount Hermon followed the Kent victory. Captain Teny Deane and Pierce both decisioned their men to remain undefeated.

Next, Choate won a close match at Williston 21-19; a pin by Dunbar and a last minute fall by Jones were instrumental in the victory. At Lawrenceville the team had a frustrating 21-18 loss, with Deane tying his man and a questionable pin in the 177 pound class. Jeff Dunbar and Arkie King decisioned their men, while Pierce and Jones gained falls. Pete Orthwein wrestled an undefeated 167 pound man, but finally lost 5-4.

Next Wednesday Choate journeyed to Hopkins and won 23-20. Pete Perakos and Tim Wilton barely succumbed to their opponents. With the help of pins by four Choate men and Dunbar's decision the team bagged the win. The following Sat-

urday the team was soundly whipped by Taft 29-12. The only bright spots were wins by Pierce, Russell, and Jones. Unfortunately, Captain Deane injured his ribs and was sidelined for the rest of the season, having an undefeated record at the time.

In the final match with Loomis Choate crushed them 25-11, with Steve Beardsley gaining the only pin of the day. Pierce finished the season undefeated; Dunbar and Jones with only one loss. Rod Russell also finished with a good record, 5-3. While the team finished only sixth in the Connecticut State Tournament, Jones and Russell gained third places, and Dunbar lost 5-4 in the last ten seconds of the finals, to take a second place.

This year was said to be a building year for the wrestling team. However, under the direction of Coaches Packard and McFarlane and Captain Teny Deane the team finished with a winning record.

With only one returning letterman and four of 1962's J.V. returning, this year's squash team faced a bleak winter statistically. The main surprise was English Exchange Student, Andy Flint, who soon adapted his squash to the American's smaller courts, climbing to the top of the ladder. Also, both Pete Kovner and Tom Gardner showed affective games at the number three and seven spots respectively. Young George von Liphart, Captain Shep Gilchrist in the number two spot, Peter Rosden, and fourth former Jeff Robertson filled out the rest of the squad.

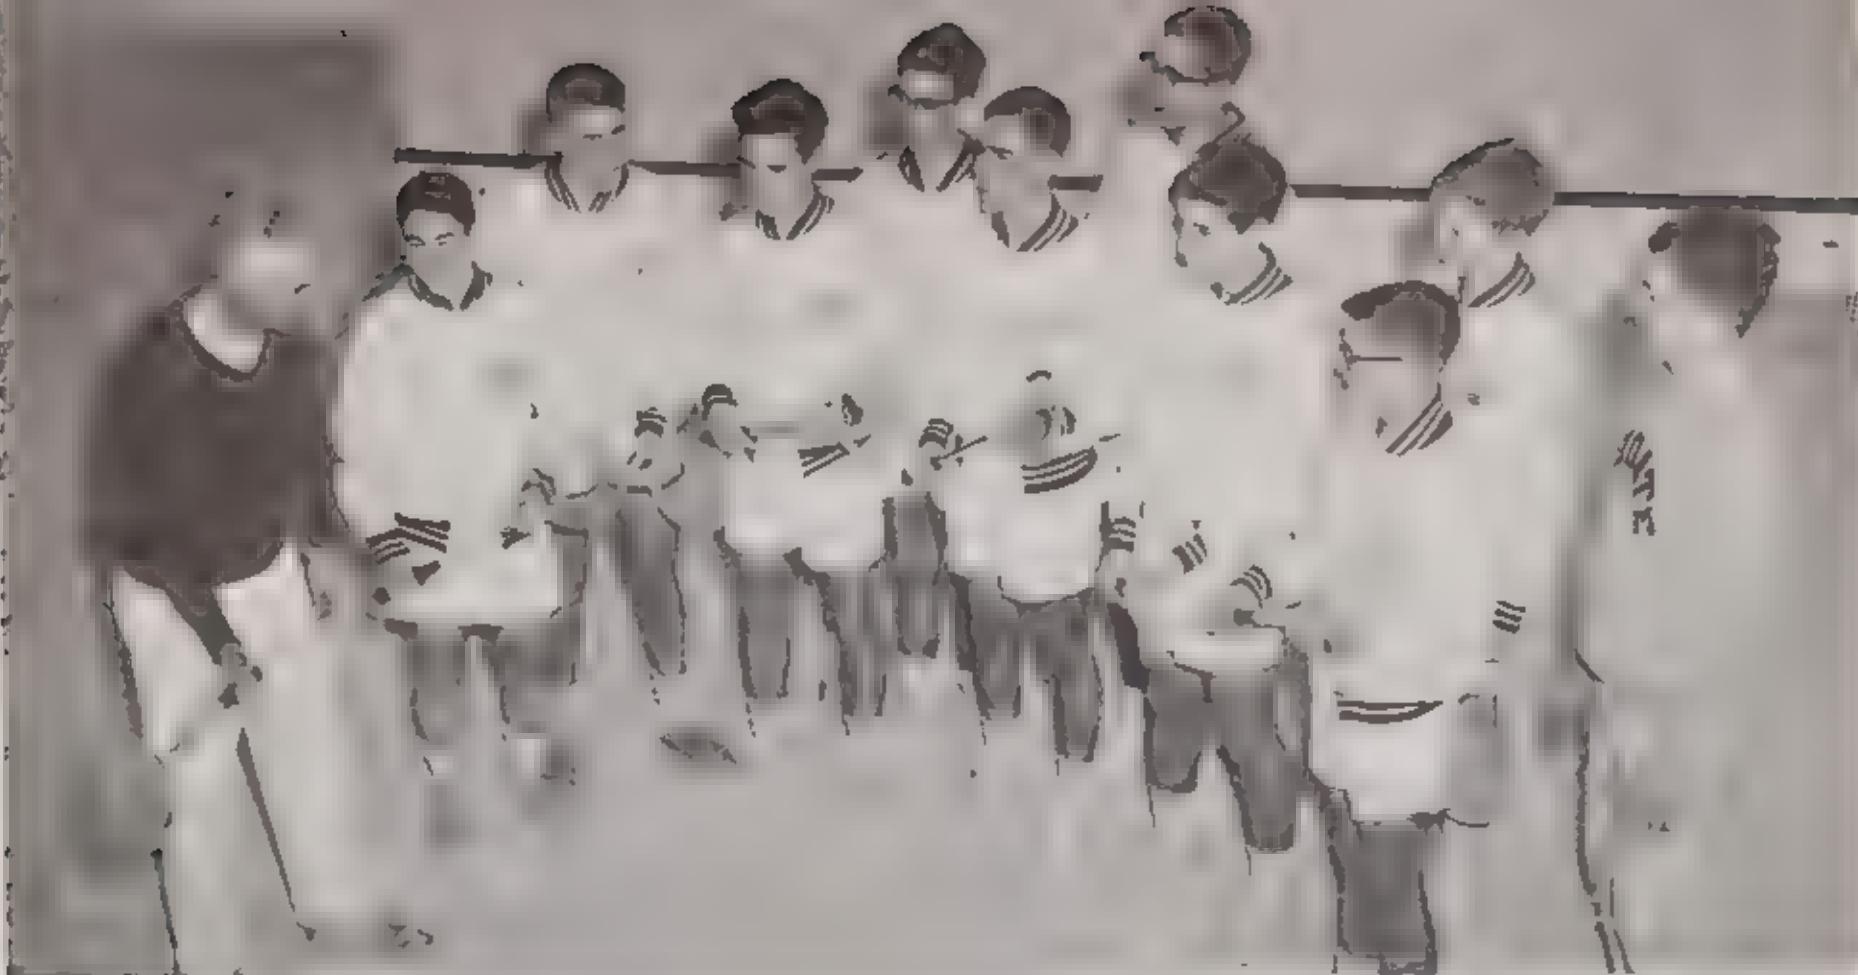

Not much can be said about the first match, a shut-out loss to Andover.

This terribly obvious lack of experience soon disappeared after the strain and disappointment of the Andover meeting, when we vanquished the Amherst Freshmen 5-3. Andy Flint played an exceptionally good game, but the unortho-

doxness of the English boy's game fooled his Amherst opponent often enough so that Andy finally won. The rest of the team played fairly consistently, and Pete Kovner did especially well.

The next two encounters the team had were against the Wesleyan and Trinity Freshmen. Both fell easily to the fast improving Choate team: Wesleyan 8-1 and Trinity 6-1. George von Liphart, Pete Rosden, Jeff Robertson, and Tom Gardner all won both their matches, showing the hoped-for balance in the lower ranks.

An over-confident squad traveled to Williams, where they were tripped up by a very close score, 4-3. Captain Gilchrist blew a big lead and succumbed in the fifth game.

The Gold and Blue were up for the Deerfield meet the next Wednesday, and almost pulled a big upset against undefeated Deerfield. The last match decided as Deerfield just barely eeked out over number four man Pete Rosden.

Choate pulled out a close victory over Portsmouth Priory with Kovner and Robertson excelling, but lost badly to the perennially powerful Yale and Harvard Freshmen. Showing great speed and determination, Andy Flint did very well against Yale's National Junior Champion.

Skiing's second year as a winter sport was a great deal more successful than its first. Its success is best attributed to the better organization of this year's skiing program.

Immediately before Thanksgiving recess, twenty boys were chosen out of about fifty applicants to be members of the ski group which went daily to Powder Hill Ski Area. Although they could not ski at Powder Hill before Christmas vacation, the boys practiced a great deal on their own during the holidays.

When January eighth came, most of the boys had already been skiing a week or more. During this week the boys practiced hard, and through time trials, a team was picked to meet Millbrook.

Louis Couture, Captain Mike FitzSimons, Tod Hunt, Rikk Larsen, Andy Love, and Rig Reese arrived at Millbrook, with Mr. De Poret anxious for the first meet. Already set was a twenty-five foot gate slalom. Choate's team had raced very little, if at all, before, and thus against Millbrook's experienced team, Choate did not do very well. Four of Choate's six skiers fell on either their first or second run. Only two Fourth Formers, Rikk Larsen and Tod Hunt, finished with respectable times.

Berkshire has one of the best ski teams in Southern New England, so Choate was expecting a difficult meet. Berkshire had set a thirty-foot gate giant slalom. The

Choate team did better against Berkshire, although their inexperience again caused many falls. Captain Fitz-Simons placed third, though he fell on his second run. Couture placed fifth, but the rest of the squad had trouble on the fast course, and Choate lost its second meet.

The next meet was against Wilbraham at Powder Hill. The slalom course was very wet and slushy. The first three positions were taken by Larsen, Love, and Hunt respectively. They gave Choate the necessary margin for an easy victory.

Choate's next two meets were unfortunately cancelled. The first was to be against Monson, and the second was to be a triangular meet against Williston and Hotchkiss.

Mohawk Ski Area was the scene of the next ski meet. In a triangular meet against Marvelwood and Cheshire, Choate lost by a narrow margin to Marvelwood, but beat Cheshire easily. The course was a tight slalom with crusty conditions. After the first run, Choate had an easy victory over both schools, but relaxed on the second run. Two of Choate's racers disqualified, and one fell, giving Marvelwood the opportunity to sneak by Choate.

Next, the Choate team was to ski Kingswood; but as before, rain caused cancellation of the meet.

Choate's final meet was at Powder Hill against Monson. A difficult twenty-two gate slalom was set on a hill of wet, new snow. However, the difficult conditions did not seem to bother the Choate skiers, as they took the first five places. Larsen and Hunt with two beautiful runs placed first and second, Love, Elliman and Alt followed to give Choate an easy victory.
